Hi Babe —

Oh no, don't tell me I have to say goodbye to you. How can I live without you — my second half. The crazy half that is. And how am I going to walk to work, especially when it comes to cutting through the Federal Building. I'm likely to get lost and end up in jail.

and whose gonna make me laugh at lunch time, and who am I gonna have to tickle? Boy, I'm sure going to be lost without you. I'm still looking for a man for you. I just won't give up.

In gym, who will be my badminton partner. I'll never find one who can play badminton with one arm and lean on the wall with the other. There's nothing like taking life easy — and you should know.

Seriously Colby, I really enjoyed every moment spent with you and the gang. You a real sweet kid. I hope you find your man and have many little men.

Please Colby, don't forget me or my phone number. Call me up & ask me for a date and afterwards we'll have a "Pink Lady".

Best of everything Colby.

Love and stuff.

Colby, I sure will miss you and the gang, after graduation we'll have to stick together like glue again. Please always remember me and the good times together. Always laugh off the bad ones just like we have done this year.

Love from me to you  
Joan

## FOREWORD

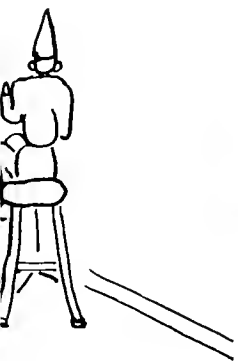

This book tells of the fruit of our labor for an education. We of the graduating class of 1952 have worked continuously to satisfy our curiosity about many things. High school life has slowly changed us into a group of studious, serious thinkers. It has brought to us the realization of the great needs of the times in which we live. Like the one to whom this book is dedicated, we are striving to achieve that immortality obtained not through sudden or glamorous fame but rather the quiet peaceful success which she obtained by her service through education.

Miss Mary Hutchison

By Nancy Siefke

## DEDICATION

The class of 1952 dedicates this First Lady to Miss Mary Hutchison.

Miss Hutchison recently ended fifty-three years as instructor and supervisor in the Toledo school system.

At the age of seventeen she began as a teacher of the first grade at Pickett School. Her career also included a year's teaching of the third grade at Indiana School; seventeen years in the upper grades Roosevelt School, then Waite Ward School; seven years teaching English at Waite High School; eleven years in the same capacity at Libbey High School. Later the appointment came to supervisor's position. She is the author of several student aids for learning functional English. **Mastery Units in English** is used in the Toledo public schools.

Miss Hutchison is the holder of a bachelor's degree in education from the University of Toledo and a master's in English from the University of Wisconsin.

We of the Toledo public school system have been fortunate to have known a woman noted for her silence, patience, retiring manner, and for her accomplishments as mentor and supervisor. The silent woman displays her wisdom by her actions; to the modest woman comes recognition and acclaim that the boastful would never understand. Miss Hutchison's years of service will long be remembered by both pupils and co-workers.

She is still an active member of many clubs and organizations. Among other things, Miss Hutchison enjoys gardening and working with her church sewing circle.

As we look back through the years of a life well spent, we can justly say that through education she has served her community well.

We, the Senior Class, wish Miss Mary Hutchison continued joy and successful achievement.

—Louise Anderson

**Miss Ethel Wooden**

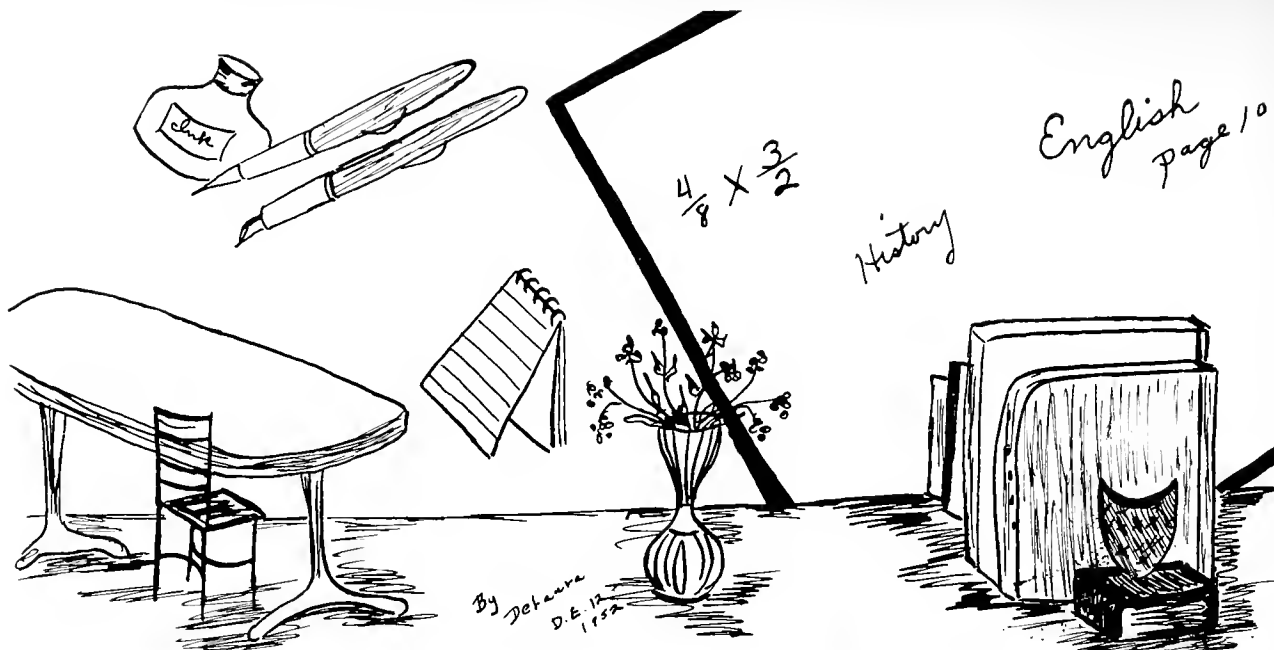

"Small service is true service while it lasts.  
Of humblest friends bright creature! scorn  
not one:  
The daisy by the shadow that it casts,  
Protects the lingering dewdrop from the sun."  
—William Wordsworth

## SERVICE THROUGH EDUCATION

To the class of 1952 my heartiest well wishes! For twelve years school has been your main interest. It has absorbed one-fourth of each day during ten months of the year. Information you have absorbed has become part of the warp and woof of your life's web. Interwoven should be happy memories of gay times to make a colorful pattern.

However, education will not end with commencement. The pattern of your life has only begun. If you have comprehended the impact of that pattern, your education will continue in service to the community, to your family, to your church. If education has encouraged service in school, service habits and interests will carry into the busy world about you.

—Ethel Wooden
